

Logo should be about 100px tall and wide and saved as a PNG file to support transparency

# Site Title (as an h1 tag)

Site Slogan (as an h2 tag)

Home | Preston | Soda Springs | Fish Haven | Storm Center | Gallery

DESIGN: Wayfinding  
Menu matches page name

## Town Name (as an h1 tag)

Weather Summary  
displayed above  
the hero image

Weather Summary  
High: xx  
Low: xx  
Wind: xx

DESIGN: Consistency  
All items have the same  
left edge alignment.

## Five Day Forecast (h2 tag)

Day	Day	Day	Day	Day
				
High Temp°	High Temp°	High Temp°	High Temp°	High Temp°

CODE: Use a parent <section> with a class for the weather forecast table. Use 5 child divisions, one for each day and display them using CSS grid. Within each day, use a heading for the day, an image for the icon and a span for the temperature. Style everything using CSS. Remember to display the section as none on small screens.

## Article Title (h2 tag)

On this day in history the first (you find something cool in history and complete this paragraph. Ryiam velit odio ut et ac tristique, dictumst, odio. Velit a ac, integer sociis placerat rhoncus nec purus augue a odio nunc. Odio nisi, parturient placerat cum in, nunc diam quis ridiculus risus a porttitor massa. Augue penatibus. Proin cum? Risus montes, turpis porta nunc tempor adipiscing adipiscing. Pulvinar quis. Elit lundium lectus nisi! Egestas velit nunc, mus! Dolor facilisis, nec nascetur cum, dictumst montes nisi, magna diam porta elit nisi ac, purus placerat, a ac purus rhoncus! Dolor etiam. Ridiculus et dolor ac! Massa, mid mid ultrices, rhoncus massa! Odio et arcu porta dui augue a facilisis vel dui nisi natoque tortor ultricies odio rhoncus elementum et dictumst risus. Dapibus sit, sit ac. Adipiscing?
